

LIGHTED CABINETS / LIGHTED MIRRORS

CONTENTS

MIRROR CABINET SERIES

P06-P07

Aurora™

The pinnacle of plumbing excellence, Aurora offers luxury and performance with timeless designs and premium materials. Enjoy flawless craftsmanship, advanced features, and intuitive control for a new standard of opulence.

P08-P09

Beacon™

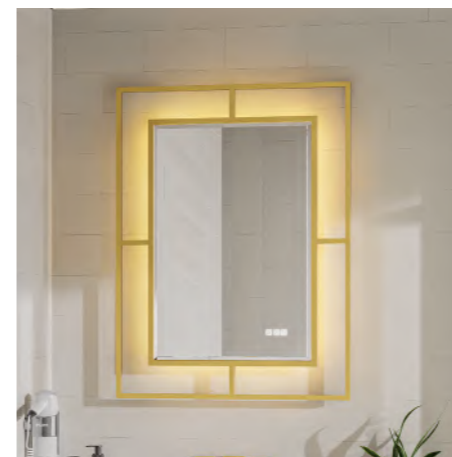

A beacon of luxury plumbing innovation, this series combines radiant design with cutting-edge technology for superior performance, durability, and energy efficiency. Beauty meets function in every fixture.

P10-P11

Cascade™

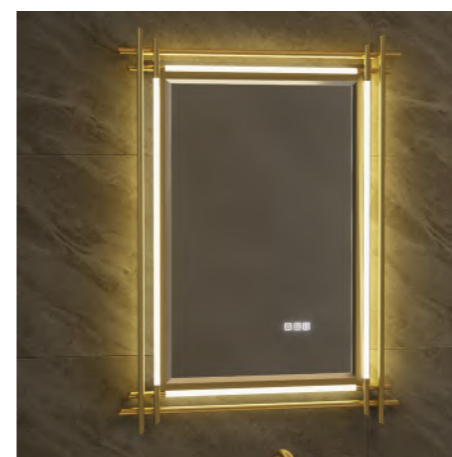

Sleek and stylish, the Cascade medicine cabinet blends elegant design with modern efficiency. It's the perfect mix of luxury and practicality.

Dreamscape™ I

P12-P13

Transform your space with Dreamscape I mirrors, blending artistic illumination with refined craftsmanship. Embrace serenity and sophistication as these mirrors become a stunning centerpiece in your décor.

Dreamscape™ II

P14-P15

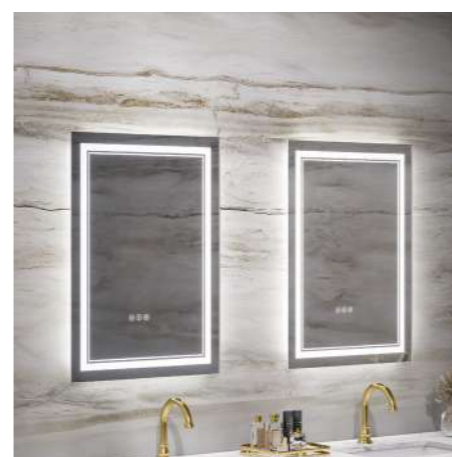

Dreamscape II, blending contemporary design and practical illumination. These luxurious, versatile mirrors transform any room into a serene sanctuary of calm and inspiration.

Dreamscape™ III

P16-P17

Discover Dreamscape III mirrors with advanced backlighting technology. This feature creates a soft, ambient glow with a halo effect, offering glare-free illumination ideal for makeup, shaving, and adding a touch of sophistication to your space.

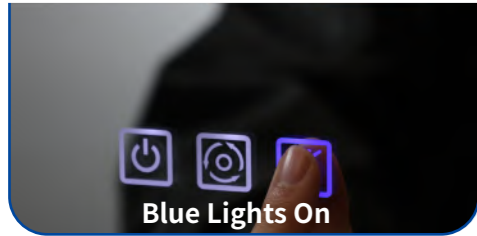

Lustrara™

P18-P21

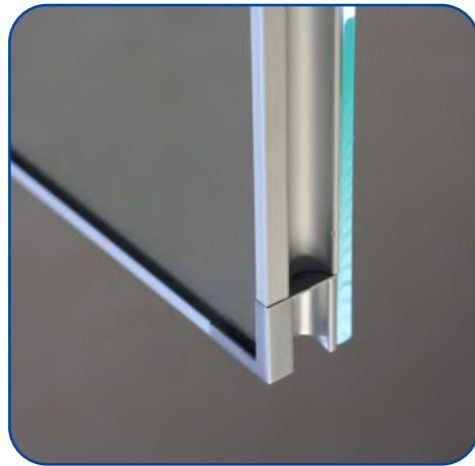

Elevate your space with Lustrara's stylish, lighted mirrors. Available in various sizes, they blend luxury with timeless elegance to transform any setting into a chic, illuminated retreat.

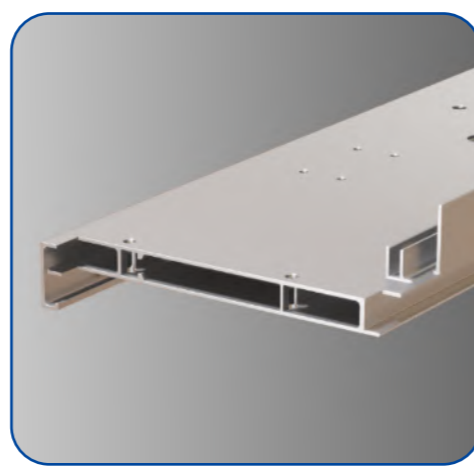

MEDICINE CABINETS COMMON FEATURES

• Touch-controls

• Concealed finger Pull on side and bottom

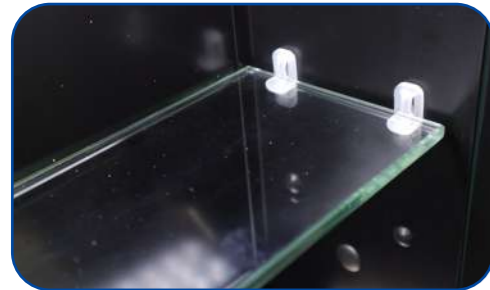

• BelloDual™: Dual wall aluminum construction

• Outlets and USB ports

• GFCI device meets UL943 and CSA C22.2 standard

• Tempered glass shelves

• Makeup organizers(2pcs)

• Surface mounting

• Recessed mounting

• Easy installation

Functional Features

• **Dimmable LED light**
Provides infinite adjustability for customized brightness

• **Color temperature adjustment**
Temperature can be infinitely adjusted from 3000K(Warm) to 6000K(Cold)

Removable organizers help organize your beauty products, cosmetics and accessories

Quality and Safety Features

• **ETL certified to meet UL962 and CSA C22.2 standards for safety and quality**

• **GFCI device meets UL943 and CSA C22.2 standards for safe use of outlets in the high humidity**

• **IP44 rating is suitable for bathroom use**

• **UL certified 14AWG cable**

• **BelloDual™: Dual wall aluminum construction, engineered with superior strength and durability to support significantly higher weights**

• **SafetyMirror™ for safe use**

• **Tempered glass shelves for safe use**

• **High quality copper free silver mirror ideal for high humidity environment**

Innovative Features

• **BelloDual™**

BelloDual™ defines the durability and versatility of our medicine cabinets. BelloDual™'s design features a dual-wall aluminum construction, delivering a robust frame engineered to support higher weight-bearing loads with ease. This innovative design allows each medicine cabinet to be seamlessly crafted as a single, cohesive unit, regardless of its width. With BelloDual™, you get unparalleled strength and stability combined with a sleek, unified construction for a superior lasting performance.

• **SafetyMirror™**

Our innovative tempered mirror is designed for enhanced safety and durability to resist dangerous breakage and shards. Each mirror features a protective film backing, which can bond the broken pieces or shards together to ensure a safe environment in case the mirror is broken. The copper free silver mirror is durable and free of rust stains or black spots, and ideal for high humidity environment. With a sleek, modern design, it offers a flawless reflection while perfectly balancing practicality and sophistication. Elevate your space with style and peace of mind.

• **CornerBright™**

Our innovative solution that eliminates dark areas in mirror corners. This distinctive construction ensures even brightness throughout, providing a well-lit reflection without shadows. Experience the difference with perfectly illuminated corners that enhances your space and elevate your daily routine.

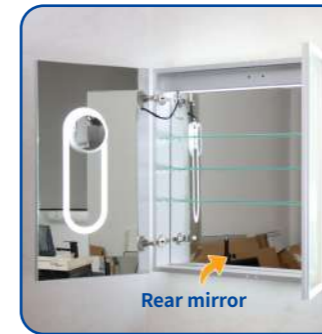

Aurora™

Aurora represents the pinnacle of plumbing excellence. This premium line is crafted for those who seek the ultimate in luxury and performance. Each Aurora product features elegant, timeless designs with the finest materials and finishes adhering to the smallest of details. The unparalleled craftsmanship ensures a flawless experience, while the advanced features offer intuitive, user-centric control, setting a new standard for opulence in the plumbing world.

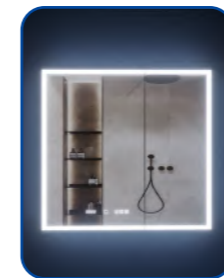

Features

Side mirror & CornerBright™

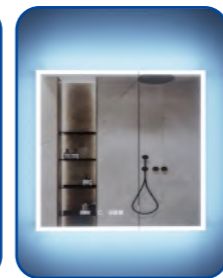

Cabinet interior

Frontlit

Backlit

Dual, frontlit and backlit

- **Enhanced brightness**
Premium quality LED strips, more LED beads per liner length and special reflective structure make it look much brighter
