AXIOM PRO SERIES

The Axiom Pro Series represents the highest standard of smart toilet design—where advanced technology meets refined, modern form. Designed for today's luxury bathroom, Axiom combines intuitive, touch-free functionality with powerful performance and exceptional comfort.

Engineered with a patented high-performance flush system and a full suite of intelligent features, each model delivers a hygienic, quiet, and effortless experience. From precision cleansing to heated comfort and automatic operation, every detail is designed to elevate daily routines.

Available in Gloss White and Matte Black, the Axiom Pro Series offers a clean, architectural aesthetic that integrates seamlessly into both contemporary and transitional spaces.

FUNCTIONAL FEATURES

• Comprehensive Hygiene Protection

EasyGlaze™: Antibacterial ceramic glaze that effectively minimizes waste from sticking to the ceramic surfaces.

PreWet™: Automatic pre-moistening bowl before each use to keep the bowl clean and optimal hygiene.

Automatic deodorization, self-cleaning nozzle, auto foam shield.

SGS-certified antibacterial seat & lid, >99.9% germ-killing, flame-retardant, safe and durable.

• Advanced Gentle Cleansing

Rear & feminine wash with massage & oscillating wash functions, 5-level adjustable water pressure and nozzle positioning for personalized comfort, ideal for sensitive skin.

• ProClear™ Flush System for Clogfree, Quiet and Water Efficient Flush

Patented 50mm siphon system for powerful, clog-free flushing.

Pump-assisted flush performance even at low or no water pressure.

Battery operated back-up flush during power outages.

Ultra-quiet flush operation with reduced noise output.

Water saving dual flush performance (1.26GPF / 0.95 GPF)
